REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention. Specifically, the prior art of record fails to disclose an attachment or fastening means comprising a snap system or a hook-and-loop fastening system. Snap and hook-and-loop systems provide a releasable and resealable means of attachment. The closest prior art of record to Abels discloses a non-resealable means of attachment, stitching, and does not disclose a desire to allow for a releasable and resealable means of attachment. Therefore, the prior art of record does not teach nor fairly suggest the claimed invention.

The statement of common ownership between the instant application and co-pending application 10/723,566 obviates the provisional rejection of the instant claims under 35 USC 103(c) in view of U.S. Patent Application Publication US 2004/0129279 A1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
